

# Celebrate Safely This Season!

## Everyone Can Make the Holidays Safer

Traditional holiday gatherings with family and friends are fun but can increase the chances of spreading of COVID-19 or the flu. The safest way to celebrate this year is with people in your own household. Consider visiting with extended friends and family virtually. If you do host an event, or attend an event, remember the three Ws: (1) Wear your mask; (2) Watch your distance. Stay at least 6 feet away from others who do not live with you; And (3) Wash your hands. Together, we can keep our community more healthy this holiday season.
